

CURRICULUM VITAE

KEN DEVER, CFEI – Fire Investigator

Background and Experience

Ken Dever has acquired over nine years of education and experience in fire investigations, fire science, fire and life safety procedures. For the past five years, Ken Dever has been an employee for Fire Cause Analysis. Mr. Dever is a certified fire investigator and is concurrently a firefighter with San Francisco Fire Department. While at Fire Cause Analysis, Mr. Dever has been responsible for over 300 fire investigations and has assisted with over 150 additional investigations. Mr. Dever previously supervised and established protocol for evidence handling and examinations at Fire Cause Analysis. Current duties include fire cause and origin determination, conducting interviews, and evidence documentation and handling.
