**Re: Vehicle Fire Workshop
February 12, 2010
Phoenix Fire Dept. Training Facility**

Dear Clients & Friends:

As vehicles evolve in complexity and the economy continues to struggle it is apparent that **liability, coverage or recovery interests** in vehicle fire claims continue to become more challenging.

Fire Cause Analysis has designed a workshop that will address:

- NFPA 921 regarding vehicle fires
- Expectations for retained experts
- Vehicle Systems
- Fire Dynamics in Vehicles
- Vehicle Burn Examinations
- Vehicle Fire Demonstration

Presenters:

- Hal Lyson, CFI - NFPA 921 Committee Member
- Steve MacKaig – Vehicle Fire Expert
- Tom Kane, CFI – Fire Investigator

Your effectiveness in managing the aftermath of a vehicle fire claim will be enhanced as these presenters provide practical insights in an informative and entertaining forum.

Please join us at the Phoenix Fire Dept. Training Facility on February 12, 2010. Lunch will be provided.

Please call 800-726-5939 or e-mail gloriah@fcfire.com to reserve your slot as seating is limited.

Sincerely,
